

Help Clean-Up and Protect OUR Community

Saturday, March 7, 2015

Seguin residents again have the **FREE** opportunity to properly dispose of unwanted and potentially environmentally-threatening items from around the home. The Household Hazardous Waste Collection Event will be held in conjunction with Spring Clean-Up Day.

Spring Clean-Up

Spring Clean-Up Day provides residents the opportunity to clean-up their homes and neighborhoods. The event is scheduled for 8 a.m. until noon on Saturday, March 7, 2015.

Items may be brought to the Coliseum parking lot, located at 950 S. Austin Street, for disposal. Participants must show a photo ID or utility bill to prove they reside within city limits. City employees and Progressive Waste Solutions personnel will be available to assist residents unload vehicles and trailers. Appointments are not required.

Automobile tires will be accepted, however tractor, mower, bicycle and ATV tires will not be collected. Tires with rims or tires larger than 19.5 inches are not allowed. Tires from local businesses will not be accepted.

Paper shredding will also be available as a free service at the event. Residents are encouraged to bring any documents containing sensitive information for secure on-site shredding and disposal.

Brush, hazardous chemicals, construction or building debris, old fences, sheds or torn down building materials will not be accepted. Appliances with Freon or other refrigerants are not allowed.

Questions: (830) 401-2416

Household Hazardous Waste Collection

The City of Seguin is partnering with Waste Management to provide residents a free way to properly dispose of many household hazardous items that could be harmful to the environment if discarded improperly. Appointments for the March 7 Household Hazardous Waste collection event must be scheduled by February 27, 2015.

Common items include automotive products, garden chemicals, household chemicals, paint products, swimming pool chemicals, household items, sharps (sharps and needles must be placed in a sealed, rigid, puncture resistant container,) and electronics. Liquid materials should be in a sealed and clearly identified container of five gallons or less.

Items that are not accepted include ammunition, explosives, asbestos, pharmaceuticals, radioactive materials, tires, pressurized cylinders, cooking oil, biological waste, construction related materials, fire extinguishers, trash, commercial products or materials in unlabeled or leaking containers. Business waste is not accepted.
